

SHUOERMEI HOME

Premium Custom Furniture

Product Category Guide

Product Systems

Five systems for premium custom interiors

Our core range includes all-aluminum cabinets, walk-in wardrobes, glass display cabinets, illuminated shelves and bathroom mirror cabinets. We combine structure, materials, lighting and storage in whole-home solutions for residential and commercial projects, with detailed design, manufacturing and delivery at scale.

Open Metal Shelving Systems

Lightweight structures for open display

All-aluminum construction combines strength and durability with a light visual profile. Open shelving for studies, living rooms and walk-in wardrobes integrates lighting, glass and a choice of storage modules.

Walk-in Wardrobe Systems

Complete wardrobes, from frames to islands

Frame, wall-mounted and post systems organize hanging rails, folded clothing, drawers and display areas. Wardrobe islands add dedicated storage for jewelry, accessories and personal items.

Glass Display Cabinet Systems

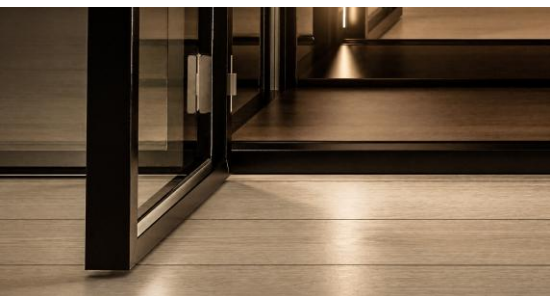

Storage designed for display

Slim metal frames, clear glass and integrated lighting create a light, open display. The range includes tall cabinets, standard low cabinets, sideboards and entryway cabinets.

Bathroom Mirror Cabinet Systems

Mirrors, lighting and storage in one system

Clear mirrors, concealed storage and soft lighting enhance everyday bathroom routines. Each mirror cabinet can be coordinated with the vanity, countertop and wall finishes to suit the project.
